Your tour guide will focus on many of Toronto's most significant sites and events. Travelling back to our humble beginnings - the Town of York - all ten square blocks of it, up to the present day Toronto, Canada's largest city, your expedition will explore the sights and sounds which make Toronto such a great place to live and visit. Visit some of our most notable neighbourhoods, pass by breathtaking historic homes and see many and varied sites of significance to our growth.

The collections include: the popular, ageless dinosaur exhibits, authentic Bat Caves, collections from the Far East, historical artifacts from Canada's indigenous civilizations, costumes and jewelry from throughout the world, exotic animals and much, much more. The ROM showcases items from all four corners of the globe, and from every period throughout history.
